

New Day Of School

“A fresh start. A new chapter in life waiting to be written. New questions to be asked, embraced, and loved. Answers to be discovered and then lived in this transformative year of delight and self-discovery.” - Sarah Ban Breathnach

DPSK 's new session 2023-2024 started on the 2nd of March 2023. The Almighty blessed us for a new beginning as Sukhmani Sahib path was held on the school premises. Students of Class XII made special preparations for it. Melodious recitation

of Kirtan sanctificated the whole atmosphere of the school. Pious Karah Parshad was relished by everyone. The religious beginning refreshed our minds and set us for a new journey.

As always first day of the new session has to be the most amazing one. We were very joyous and enthusiastic. We were anxiously waiting to know about our new teachers. The most interesting part to know was whether there was any new student in the class or not. We also met our friends after spending a very long time of a wonderful session break.

The most challenging task after returning to school after a break was the early morning waking up. After managing to wake up early and reaching school on time, the best part begins. The new class, new books and some

new friends too. It was a new start and a great experience for us. We enjoyed a lot on the first day. We didn't

even remember the timings of the periods, we were busy catching up with friends and hearing new stories from teachers. We curiously waited for the break to relish the treats in the canteen, something which we missed the most. Later we played games in the sports period which we enjoyed. The first day of school is always amazing.

Investiture ceremony: leading by example

"Before you are a leader, success is all about growing yourself. When you become a leader, success is all about growing others."- Jack Welch

Delhi Public School Khanna held the Investiture ceremony for the Senior Students Council on the 10th of May, 2023 and invested the newly-elected Council with their role and responsibilities after it took the oath of office. All the office-bearers were adorned with badges and sashes during the ceremony to always remind them of their incentives and embolden them to do the right thing.

The Chairman Mr D.S. Bains congratulated the members of the newly-elected council on their selection and asked them to perform their duties earnestly and with a sense of responsibility. He also motivated the audience to follow the 10 golden rules which are-

1. Set goals for themselves
2. Practice self-restraints
3. Stay persistent
4. Respect others' opinions
5. Build self-confidence
6. Take ownership
7. Listen more
8. Avoid negativity

9. Make sacrifices
10. Give back to society.

A bold new beginning

The session 2023-24 has begun and a lot of things have already happened. With the re-opening of the school, came lots of hopes wishes, and motivations. Along the time the school has come up with many different events, and activities.

DPSK is proud to have a programme that strives to maximize every facet of a child's development – from the academic and the emotional to the psychological and physical. Furthermore, the school instills in them a love for their country and a desire to help people less fortunate than them, thus producing sensitive, intelligent, compassionate

and cultured human beings who are an asset to the world.

DPS Khanna is a great place for children. Moreover, the school cafeteria provides nutritious food to students, teachers and visitors. Children just love the cafe. The children are encouraged to opt for healthy food choices. This makes the children aware of the importance of healthy food as a regular part of their lives.

A dose of entertainment with a Puppet Show on the first day at DPSK

Puppets shows open a gateway to a child's imagination allowing them to create, explore and flourish.

DPS Khanna organized a Puppet Show for the tiny tots on the first day of this session. The excitement amongst the kids was visible on their faces as they anxiously waited for the show to begin.

As it was the first day of school, the Puppet Show was an energy booster for everyone. Loud shouts and singing was heard as Puppet of the famous 'Nobita and Doraemon' began to dance in the courtyard.

The little children were unstoppable, as they wanted to shake a leg with the 'Peppa Pigs.' The puppet of 'Chota Bheem' garnered the maximum applause. Children wanted the show to go on endlessly as they were having gala time.

Everyone waited impatiently for the human puppeteer to appear out of the black curtain and meet them. They all gathered to shake hands with the puppeteer. They wanted to dance with him. All in all it was a day full of entertainment for kids. For some kids, this day would go down as the most exciting first school day of their school life.

A different kind of learning – a visit to slum area school

It's so strange that a place just a few kilometers from our school seems like a completely different world. There is a strange line that divides these children and us.

Yes, it's about our visit to slum area school. Class XII got the opportunity to visit the children who are unable to get meals three times a day. But, this school provides them all the nutrition that a growing child needs.

The school is run by a handful of philanthropists of Khanna city and about 50-70 students are tutored here every day. The students are provided with good quality education and extracurricular activities such as singing, dancing, writing and also the children's most favorite pastime - playtime.

When we went, these children performed for us. They welcomed us with a melodious welcome song. Some children danced whereas some showed their hidden talents in other ways.

It is rightly said, "A school is a four wall building surrounding the future."

These students had got a platform to showcase their aptitude. Children are served with breakfast and lunch here on daily basis. A cup of milk for each child is a part of their diet in the school. Hats off to the organization and the children who are ready to learn even when they do not have parental support.

We have got a lot in life, but these children are far away from these luxuries. We must thank God for giving us this beautiful life and we must be satisfied with what we have.

It was indeed a different learning experience and I thank my school, which took us to a place, which actually shapes and provides the real reason for learning and growing.

Special Assemblies

BAISAKHI: THE FESTIVAL OF HARVEST

**'Muk gayi kankan di raakhi,
O jatta aayi Baisakhi'**

DPS Khanna celebrated the festival of Baisakhi and organised a special assembly which started with a prayer and was followed by a folk song and a poem.

The students highlighted the tragic incident of Jallianwala Bagh Massacre through a role play, with the message "Lest We Forget"

Lovely performances like 'Bhangra' and 'Giddha' made everyone dance on Punjabi music. The programme concluded with the National Anthem.

EID-UL-FITR: THE FEAST OF FASTBREAKING

DPS Khanna organised a special assembly on the occasion of Eid-ul-Fitr which started with a prayer followed by a speech and a poem signifying the importance of the day.

A member of the support-staff read the 'Kalma' telling the students about the importance of 'Ramzan'. The programme concluded with a 'Qawali' spreading divinity all around.

EARTH DAY: CREATING AWARENESS TO SAVE OUR MOTHER EARTH

DPS Khanna organized a special assembly to celebrate Earth Day. The programme commenced by invoking the blessings of the Almighty Lord. The DPS choir recited a song which highlighted the innumerable bounties provided by Mother Earth.

The event included a poem, a role play 'Healthy Talk on Environment' and a mime. All these focussed on the issue of climate change and saving our planet.

Arduous efforts were put in by the science department to convey the message of curbing pollution and making the earth greener. The programme concluded with the National Anthem.

Picture perfect competition: the art of describing art

"The aim of art is to represent not the outward appearance of things, but their inward significance."

-Aristotle

D P S Khanna organized a picture perfect competition in which students participated with great enthusiasm.

It is a competition in which participants describe the elements of the pictures made by different artists and the one who gives a concise description of important features of the picture, speaks fluently and gives the best presentation among all the participants is declared as the winner of the competition.

All the participants spoke in vivid and specified descriptions of the pictures and the viewers had a better understanding of what they were looking at. It was a thrilling competition and everybody enjoyed it a lot. Sehajpreet Kaur of VII B stood first, Dilnoor of VIII B grabbed the second position. Third position was shared by Navya and Harleen Kaur Randhawa, both of class VIII C.

A Trip to Chowki Dhani

The best education we will ever get is traveling. Nothing teaches us more than exploring the world and accumulating experiences.

DPSK organized a one day trip for the kids of Grade I to III to Chowki Dhani. Children boarded the buses from school enthusiastically and reached the destination.

They all were given a ceremonial welcome with a Rajasthani dance and a Tilak. Everyone relished the yummy snacks and started their day with the

exploration of Rajasthani culture and heritage. They all enjoyed folk dances, a puppet show and a magic show.

A Potter showed his skills on a giant potter's wheel. The most awaited moment for them was to enjoy a camel-ride and a horse-cart ride. Rajasthani Thali food was a hit with everyone.

Children enjoyed themselves on the dance floor and posed happily for pictures with their friends. Everyone came back with cherished memories.

A Trip To Mapple Forest Camp

DPSK organized an adventure camp to Mapple Forest Camp, Mohiwal for Classes VII and VIII. We all had great experience travelling in buses with our friends. As soon we reached the camp we all

started exploring its natural beauty. We all enjoyed an array of adventurous activities like Zip Line, Wall

Climbing, Tire wall, Double Rope Bridge, Hanging Tire, Hanging Net, Monkey Crawl, Burma Bridge and Commando Net. And at the end we had a DJ party. Visiting Mapple Jungle Camp was a great and adventurous experience.

A lovely chirping gift for little champs at DPSK

DPSK organized an excursion to the 'Chandigarh Bird Park' for the students of Prep and Class I. The excitement and the happiness of going with friends could not be contained amongst the kids.

The students saw exotic bird species— both aquatic and terrestrial. They

played near the water area and saw colourful fishes. They were very excited to see the beautiful and colorful feathered friends. The students were overjoyed and they also imitated the call of birds.

An Exciting Trip to Wonderland

“The purpose of life is to live it, to taste experience to the utmost, to reach out eagerly and without fear for newer and richer experience.” - **Eleanor Roosevelt**

When we travel, the world travels with us. Believing in this motto, DPSK organized a trip to Wonderland for the students of Grade VI. It was a day filled with fun and frolic.

Children started their journey to Wonderland in the early hours of the morning. The hovering clouds could not dampen the spirits of children. They enjoyed the journey with their friends.

A loud roar of joy was heard as soon as buses reached the destination.

The students enjoyed the rides like Cup-Plate Drive, Ferris wheel and Carousel. The Haunted House was the star-attraction for one and all. The students also enjoyed their visit to the Dragon House and the House of Mirrors.

After boating, everyone relished the lunch. Disco Studio compelled everyone to tap their feet and dance with their friends. Everyone came back with a bag full of sweet memories.

Climatic Changes, a topic worth debating for every human being

“You don’t win a debate by suppressing discussion; you win it with a better argument.”-Frank Sonnenberg

Participating in the debate was a great experience for the students as it helped them enhance their knowledge and confidence.

To make children aware of the major challenge in front of human race, Chairman Mr. DS Bains gave the theme of Climatic changes for every activity happening in DPSK. From daily assembly to fancy dress, from quizzes to Debates and Declamations, only the major theme of Climate change are to be discussed.

Children are the saplings of tomorrow, they must be nurtured with right thinking and correct preparation to become responsible citizens of tomorrow, who can sort solutions to such catastrophic problems.

The topic for debate was – ‘The government of India must take strong steps to fight climate change even if it is a costly proposition for a developing country.’

It was an indulging experience for all the participants as they presented their

own thoughts and found solutions to deal with climate change without making it an expensive cause. The participants concluded that to deal with climate change it is necessary to create awareness among people and encourage them to use safer fuels and alternatives.

Debate on the same took place in all the three languages and enthusiastic Dipsites participated in large numbers.

Mistakes teach the best lessons in life

"A person who never made a mistake never tried anything new" - Albert Einstein

The best things we make in our life are mistakes. Experience is the other name which can be given to our mistakes. If we do not make mistakes in our life it means that we will never be able to understand how to take right decisions at right time. They help in shaping our future. It is also important to understand that we should not only make mistakes but also learn from mistakes of others. It is rightly said that a wise person learn from mistakes but the wisest one learn from mistakes of others even if the others are their friends, family members or their enemies. Anyone who says that he / she has not made a mistake must be lying.

There are many great examples in our history where people who failed once in life, bounced back to touch the sky. Who doesn’t remember the author of famous Harry Potter series, J.K. Rowling. She was penniless, severely depressed and divorced. Steve Jobs the founder of Apple was fired from his own company. Bill Gates was a college dropout.

There is no dearth of such great and inspiring examples. A person can grow only if he/she continues to learn from mistakes and improve himself, and is never be afraid to fail.

Ekamjot Kaur Garcha (VIII C)

Conserving a drop of water will save your life for tomorrow.

Keeping this thought in view, DPSK organized a rally in the school campus.

Little Dipsites from Grade

I-III carried placards and posters reflecting the theme 'Save Water, Save Life'.

All the students took a round of the campus and raised slogans like

'Save Water, Save Earth'. 'No Water, No Life'.

They also pasted a few posters near the taps and water coolers. They were applauded by everyone.

The Sports Corner

Sports time table at DPSK is always jam packed with outdoor sports matches and inter house matches. It inculcates the spirit of sportsmanship and fitness among children. Children at DPSK are always busy in preparing for bigger events by taking small steps throughout the year.

Basketball

An inter house basketball competition was held in the school for class VI-VIII girls. The finals were played by Panthers and Falcons.

The school organized an inter house match for classes VI-VIII (boys). Stallion house proved their spirit by winning the finals and stood at first position. 2nd and 3rd positions were bagged by Tuskers and Falcons respectively.

An Inter House basketball match for Boys of classes IX-XII was organized. Falcons House won the final and stood first. Panther House clinched 2nd position and Tuskers secured 3rd position.

Cricket

The School organized an Inter House Cricket competition for classes VI - VIII (Boys). Final match was played between Falcons and Panthers, Falcons won the toss and elected to bat, they gave Panthers a target of 84 -1 runs.

Celebrating the greatest strength in every child's life at DPSK

“Mother’s love is the fuel that enables a normal human being to do the impossible.”- **Marion C. Garretty**

DPS Khanna organized a Mother's Day Celebration for the mothers of Pre- Nursery students. The students gave a warm welcome to all the mothers by presenting a melodious song 'God Made You Special.'

and a child. The tiny tots of Pre-Nursery came up with a lovely performance 'Oh Meri Maa....'

All the mothers participated in a number of competitions like quiz, tongue-twisters and riddles enthusiastically.

The students of Pre-Nursery B performed a beautiful dance 'Tu Kitni Cute Hai.....!'

Mothers always sacrifice their own comfort while bringing up their little ones ignoring their own health. Keeping this fact in view a 'Health Talk' was organized by Dr. Neha Sharma, Consultant, Gynecologist and Obstetrician (Sahara Hospital Khanna).

She informed the mothers about health

and hygiene which they need to maintain.

To make them feel special, a 'Cake Cutting Ceremony' was also organized to celebrate the most beautiful bond between a mother

The tiny-tots of Nursery dedicated a rocking dance performance to their mothers 'Mom Is My Best Friend'. Children then presented a beautiful rhyme 'Meri Pyari Maa' out of immense love and gratitude for their mothers. They crafted handmade tiaras for their mothers to make them feel special.

All the mothers were presented with a 'Token of Love'. Ms Heena, the mother of Ayan Bhelley won the 'Punctuality Draw' and was also declared the winner. It was an enjoyable and memorable day for mothers leaving an indelible imprint on their hearts.

Save Earth, Save Water, Save Soil is the 'mantra' at DPSK

'GO GREEN, PLANT A TREE!'

Pre Primary students at DPS Khanna with great enthusiasm celebrated Earth Day. The theme of the Earth Day was 'Go Green.'

'The students were motivated to save trees and to grow more trees - to safeguard our flora, fauna and animals.

They were told to keep our Mother Earth clean. Along with this Pre Nursery students were taken for a Nature Walk to observe the

beauty of nature.

Students of Grade Nursery took out a Rally and gave the message of planting more and more trees. Students gave tree badges to the teachers and told them to protect trees also.

Nukkad Natak by tiny tots of DPSK

The students of DPS Khanna staged a Nukkad Natak on the topic 'Save Soil'.

The Grade Prep students generated awareness among the people to save soil and the harmful effects we are facing.

The enlightening Nukkad Natak caught the attention of people at the village Ikolhai who had gathered around to witness the play. The students presented before the people various scenarios of the problem.

The street play helped to spread the message with the help of drama. It was a wonderful experience for the little Dipsites too.

Fancy Dress Competition with the theme to save Planet Earth

DPS Khanna has dedicated 2023-24 as the year to work towards saving the Planet Earth. Keeping in view the

noble theme of the year, the School organized a 'Fancy Dress Competition' for the Pre-Primary students.

Understanding AI

Artificial Intelligence (AI) has emerged as a transformative technology, revolutionizing various aspects of our lives. From self-driving cars and virtual assistants etc. AI is reshaping industries and is helping us to push our limits and capabilities.

Artificial Intelligence refers to the development of intelligent machines capable of simulating human-like intelligence. AI systems are designed to understand their environment, process information, learn from experiences, and make informed decisions to achieve specific goals. Currently all the developing and developed countries are using and developing AI for their growth. AI is used in HEALTHCARE For medical diagnosis, analysing data and to design personalized treatments. It is used in TRANSPORTATION for self driving cars etc; in FINANCE For analysing data, predict trends; In EDUCATION For learning and strengthening the merits of students.

We all know that every coin has 2 sides. Therefore there are some problems with AI. It raises concerns about job displacement, privacy, and ethical implications. As AI automates certain tasks, there is a risk of job loss in certain industries. -**ArmaanVij (XB)**

Fun and Frolic at Kiddies Gym

The new session began with a bang with lots of activities for the tiny-tots of the Pre-primary wing. The little Dipsites were welcomed and they immediately got

engaged hand- printing, fingerprinting, scribbling on slate & board and clay modeling etc.

They visited the 'Kiddies Gym' and they enjoyed the various exercises. They did the round of obstacles in the gym, which they have always loved.

Fun Learning – The five senses

Young children are curious about the world around them and often use their senses to explore and learn.

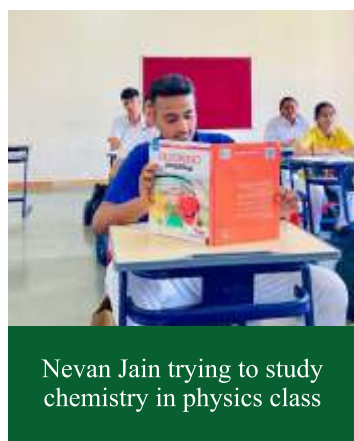

Little Dipsites learnt about hard, soft and rough objects. This fun filled lesson helped the students to gain a better understanding of sight, hearing, touch, taste and smell.

Interactive Session with DPSK's teachers

"You have to have the confidence in your ability, and then be tough enough to follow through." -

Rosalynn Carter

DPSK is always looking for new ways to nurture confident students. It reaches beyond the boundaries of normal school learning and provides the finest goals for students to achieve.

Keeping this in mind, a session on the Young Performers Certificates was conducted for teachers of Pry-Primary, Class I and II. The session was conducted by Ritika Ratna, an academic consultant of Trinity College London. She enlightened the teachers regarding the program. Trinity College London Young Performers Certificates are designed to develop

confidence, group interaction skills and a sense of achievement in children up to the age of seven.

Mr. DS Bains, Chairman of the school also graced the session. Mr. Ajay Thiara founder and Managing Director and Pavani Arora Manager- Admissions and Outreach Programs 360° College

Review were also present. All the queries regarding the program were answered.

Ms. Ritika Ratna also conducted a seminar for Classes IV to VI. She spoke about GESE - the Graded Examination in Spoken English. It is conducted at different levels for different age groups. This program provides learning in the form of role play, stage performances and other interactive and interesting activities. Certificates obtained by this International College will help the students in securing admission in acclaimed Foreign and Indian Universities.

DPSK is looking forward to more of such innovative and challenging programs.
